Term 3 - Week 8

Thursday 10 September 2020

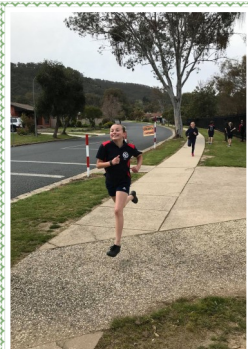

## School Cross Country

It was a beautiful warm Spring day for the School Cross Country last Friday. Students put in their best efforts around the course and should be proud of their achievement and effort on the day.

Congratulations to our top three place getters as listed.

First three in each age group are

5 & 6 Yr Girls	Ayat J Tess B Jayla
5 & 6 Yr Boys	Tyler S/Oliver D Klay T Benji B
7 Yr Girls	Emma C Hayley C Lola M
7 Yr Boys	Nash F Ollie Mc Koa P
8 & 9 Yr Girls	Rose M Chelsea B Tahnje B
8 & 9 Yr Boys	Hunter C Tiaz C-S Bryson T
10 Yr Girls	Sophia B Sienna C Riziki H
10 Yr Boys	Tyson C Hoze H Ryan Mc
11 Yr Girls	Tuli M Isabell T Rachel W
11 Yr Boys	Jason S Jack T Abe M
12 & 13 Yr Girls	Rhemi T Anastasia M Ellie W
12 & 13 Yr Boys	Jayden Mc Bonheur R Didier I

# Team Work

Look who we spotted working together as a team!

Well done to our little helpers who carried the plastic soccer goals across the grounds and worked very well together to make light work of the job.

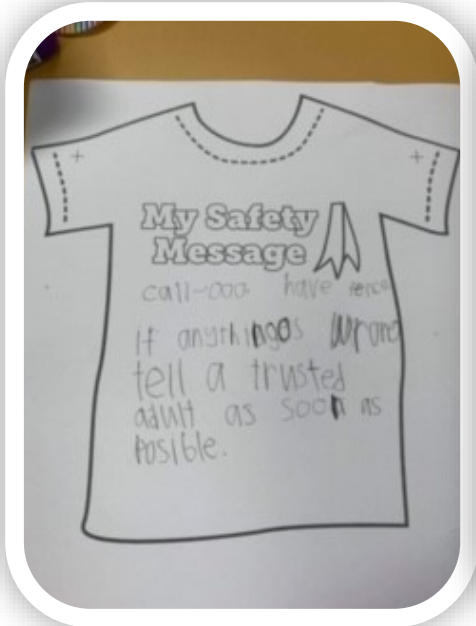

We would like to welcome our new students to the school. Over this term we have had the arrival of Harley, Tiaz, Tyler, Gibson and Zakye.

We trust you have all settled well into your classes and have had the chance to make many new friends.

We also welcome their families to our Springdale Heights School community.

# RED DAY - BE SAFE

K-1 Blue, 1-2 Red, and 3-4 Red classes showcase their classroom activities for our recent PBL RED Day

It was fabulous to see students dressed in red to represent SAFETY of our Positive Behaviour for Learning program.

**Positive  
Behaviour  
for  
Learning**

# Positive Behaviour for Learning

All classes were involved with activities about safety and learnt valuable lessons through these activities with the message behind the day.

PBL Blue Day is tomorrow  
Friday 11 September

Inline with our Positive Behaviour for Learning, students are asked to come to school wearing the colour BLUE for *Responsible* which is part of our PBL Awards program.

## Class 3-4 Red In the Library

Class 3-4 Red have produced Artwork based on the book "Charlie and the Chocolate Factory" by Roald Dahl.

Students have been listening to Mrs Kay read them the book during their library time this term and now the class has made some fabulous artworks which are displayed near the library.

# 3/4 Red

In Writing 3/4 Red have been working on informative texts. Here are some snippets of our favourite pieces. We have been trying very hard to use the seven steps for writing techniques.

## Dolphins

Dolphins are friendly but sharks will eat you. Sharks eat enormous fish but dolphins eat tiny ones. Dolphins leap out of the water while sharks swim in the deep ocean. Orcas

have dolphins for lunch! A dolphin was once a crocodile.

**By Angus & Tiaz**

## T-Rex

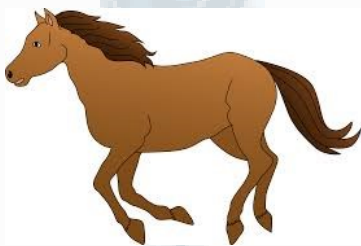

I see a T-Rex on the ground and a baby. I hear the water rushing down and I'm feeling calm. I can smell lava.

**By Zakye**

## Gorillas

The fly is buzzing around the annoyed gorilla's face. The terrified shriek of the gorilla is loud as it rushed away. The massive gorilla is afraid of the tiny fly. Fascinating!

**By Tahnie & Hoze**

## Horses

One afternoon I went to the horse canter. I heard foot gallops running around

the horse field. I saw a beautiful horse & it felt so smooth. I felt happy about this horse. As I walked near the horse I could smell the horse poop.

**By Maddie, Shyindi & Amelia**

## Tigers

I was strolling through the jungle. Roar, I heard the vicious tiger camouflaged in the leaves. Grrrr, it heard me.

**By Ally & Sophia**

## Cars

I hear loud revving noises and I can see fast cars racing in the distance. I touch

the steering wheel and the nice soft leather.

**By Logan & Dean**

## Jason Derula

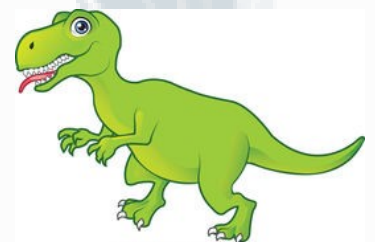

As I enter the concert I can hear screaming and flashing lights. We get ready for Jason to come on stage and then the lights turn off and he starts to sing.

**By Chanelle**

## T-Rex

The first person to discover a T-Rex fossil was Hunter Barnum Brown. It was discovered in 1902 at Hell Creek, Montana.

**By Zavier**

### Praying Mantis

Hiss! As I turn around I see a six-legged creature jumping from plant to plant.

As he jumped to a plant he saw an insect staring at him getting his claw ready. He then saw his prey getting ready to fight him with its pounding wings because it was a bird.

**By Pixie**

### Butterfly

As I was having a picnic I heard a bird chirping. I got up and felt some tree bark, went to smell some flowers and then went to eat at the picnic. The butterfly fluttered onto the flower to eat pollen. Butterfly's use their tongue as a straw.

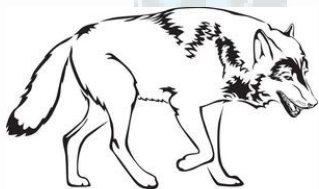

**By Gibson**

### Metals

The strongest natural metal is tungsten. Do you think there will be a stronger metal discovered? An expert said that tungsten can stop a sniper bullet. A tungsten cube in America weighs 45 pounds. Tungsten is a lot stronger than steel. Tungsten's melting heat is 2500 Degrees Celsius. That's hot!

**By Ryan**

### Wolves

Wolves are scavengers and will eat anything they catch from large mammals to small rodents. Wolves have

large stomachs and can devour 20-25 pounds of food at any one feeding time.

**By Brooklyn and Sienna**

### Antarctica

Antarctica is peaceful and has natural landscape. Unlike Melbourne it is smelly and crowded. Antarctica is a beautiful place.

**By Giselle**

### Cats

The cat is a nice black and white. Black and white cats are called bicour. The cat purrs like an engine. Its fur is soft as it coughed up a furball.

**By Seth**

### Pandas

In a pile of bamboo, I see a fluffy figure in the distant. It loves eating bamboo because it is high in fibre and low in nutrients. It ran over and ate the bamboo in a swift second. Most of its kind eat 28-40 pounds a day. Then

it walked away to find a home. Most of its kind are going to be extinct because their

habitats are being destroyed.

**By Tyson**

## School Holidays

### Holidays Dates

Monday 28 September  
to  
Friday 9 October

### Term 4

All students return  
Monday 12 October
